Club meetings are held throughout the winter (Nov-April) on the 1st Tuesday of the month at 7 pm. Check the club website for the meeting location and for the latest announcements. Besides a short business session, each meeting consists of an informational program about winter sports and outdoor recreation topics of general interest.

Trail amenities include the Panhandle Warming Hut, constructed with generous support of the U.S. Forest Service and efforts of Club members. It has a stove, table and seating and provides a warm place for relaxing during or after skiing. Ian's Hut, constructed as an Eagle Scout project by Ian Truscott and friends, is located on the Elderberry Trail several miles from the warming hut.
