

Safety on the trails

If you see snowmobile tracks it is considered groomed! Please snowshoe ONLY on snow shoe trails. Snowshoes on ski trails (even if you stay to the side) makes it difficult and DANGEROUS for groomers, as it creates a camber to the trail that can make the machine track over the side of the road.

We had a groomer break a collar bone going over the edge and rolled about 40' down into the gully. Please do not snowshoe past the warming hut, ever.
